PROXY STATEMENT

This proxy statement is furnished as part of the solicitation by the Board of Directors (the "Board of Directors" or "Board") of Southern Copper Corporation ("SCC," "us," "our," or the "Company"), 7310 North 16th Street, Suite 135, Phoenix, AZ 85020, USA; Avenida Caminos del Inca No. 171, Chacarilla del Estanque, Santiago de Surco, C.P. 15038, Peru; and Edificio Parque Reforma, Campos Eliseos No. 400, 12th Floor, Col. Lomas de Chapultepec, Delegacion Miguel Hidalgo, Mexico City, C.P. 11000 Mexico, of the proxies of all holders of SCC's common stock (the "Common Stockholders" or "you") to vote at the Annual Meeting to be held on May 23, 2025, and at any adjournment thereof. The Annual Meeting will be conducted exclusively by webcast. No physical meeting will be held. On or about April 11, 2025, we began mailing a Notice of Internet Availability of Proxy Materials (the "Notice") to shareholders of record as of March 27, 2025, and we posted our proxy materials on the website www.proxyvote.com.

Your vote is important. Whether or not you plan to attend the virtual Annual Meeting, please submit your proxy and voting instructions online or complete, sign, date and return a proxy card as soon as possible. We encourage stockholders to vote and submit their proxies in advance of the meeting, either via the internet or by mail to prevent processing delays. Your cooperation is appreciated.

As more fully described in the Notice, shareholders may choose to access our proxy materials at www.proxyvote.com or may request a printed set of our proxy materials on or before May 12, 2025. In addition, the Notice and website provide information regarding how you may request to receive proxy materials on an ongoing basis, in print form by mail, or electronically by email. Those who previously requested printed proxy materials or electronic materials on an ongoing basis will receive those materials as requested.

You are entitled to attend the virtual annual meeting only if you were a stockholder of the Company as of the close of business on March 27, 2025, the record date of the Annual Meeting (the "Record Date"), or if you hold a valid proxy for the meeting. To attend the annual meeting, cast your vote, and submit questions, please visit www.virtualshareholdermeeting.com/SCCO2025 and enter your 16-digit control number to access the meeting. You may submit a question in advance of the meeting at www.proxyvote.com after logging in with the control number found next to the label for postal mail recipients or within the body of the email sending you the Proxy Statement. Live questions may be submitted online beginning shortly before the start of the Annual Meeting through www.virtualshareholdermeeting.com/SCCO2025.

If you are not a stockholder of record but own shares through an intermediary, such as a bank or broker, you may need to provide proof of ownership. This could include your most recent account statement dated as of the Record Date, a copy of the voting instruction form provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership. Failure to comply with these requirements will result in denial of access to the virtual Annual Meeting. We encourage you to access the meeting prior to the start time to leave ample time to check in. The virtual meeting will begin promptly at 9:00 A.M. Mexico City time.

Any proxy in the enclosed form given pursuant to this solicitation and received in time for the Annual Meeting will be voted with respect to all shares represented by it and in accordance with the instructions, if any, provided in such proxy. If we receive a signed proxy with no voting instructions, such shares will be voted for the proposal to elect directors, to approve amendments and the extension of the Directors' Stock Award Plan, for the proposal to ratify the selection by the Audit Committee of Galaz, Yamazaki, Ruiz Urquiza S.C., a member firm of Deloitte Touche Tohmatsu Limited ("DTT"), as our independent accountants for the calendar year 2025, and for the approval of our executive compensation as described in this proxy statement. Any proxy may be revoked at any time prior to its exercise thereof (i) by sending written notice to our Secretary, (ii) submitting a written ballot at the virtual meeting, or (iii) delivering a proxy card bearing a later date. If your shares are held in street name, you must contact your broker to revoke your proxy.

Our outstanding shares consist of common stock, par value \$0.01 per share (the "Common Stock"). At the close of business on March 27, 2025, the record date for the Annual Meeting, we had 796,182,905 shares of Common Stock outstanding and entitled to vote at our Annual Meeting.

Unless stated otherwise, references herein to “dollars” or “\$” are to U.S. dollars; references to “S/” are to Peruvian Soles; and references to “peso”, “pesos”, or “Ps.” are to Mexican pesos.

VOTING SECURITIES

Our Amended and Restated Certificate of Incorporation (the “Certificate”) provides that the number of directors shall be fixed from time to time by resolution of a majority of the Board of Directors, provided that the number of directors shall not be less than six or more than fifteen. The Board of Directors at its meeting held on January 23, 2025, fixed the number of directors at nine. The directors are elected by the Common Stockholders, with each share of Common Stock outstanding at the March 27, 2025, record date entitled to one vote at the Annual Meeting.

A plurality of the votes cast by you is required for the election of the nine directors. Abstentions are counted for quorum purposes but are not counted either as votes cast “For” or “Against” or “Withheld” from any nominee. A broker “non-vote” occurs when a broker submits a proxy card with respect to shares of Common Stock held in a fiduciary capacity (typically referred to as being held in “street name”) but declines to vote on a “non-routine” proposal because the broker has not received voting instructions on that matter from the beneficial owner. The rules of the New York Stock Exchange (“NYSE”) determine whether matters presented at the Annual Meeting are “routine” or “non-routine” in nature. Pursuant to such rules, the election of directors is not considered a “routine” matter. Therefore, beneficial owners that hold their shares in “street name” will have to give voting instructions to their brokers in order for a broker to vote on such proposal. We encourage you to provide voting instructions to your brokers if you hold your shares in street name so that your voice is heard in the election of directors. If we receive a signed proxy with no voting instructions, such shares will be voted “For” the proposal to elect directors.

The affirmative vote of a majority of the votes cast in person or by proxy at the meeting by the holders of shares of Common Stock entitled to vote thereon is required for the amendments and extension of the Directors' Stock Award Plan described in this proxy statement. Abstentions are counted for quorum purposes. Abstentions are counted as a vote “Against” this proposal. Broker non-votes are not counted either as votes cast “For” or “Against” this proposal. If we receive a signed proxy with no voting instructions, such shares will be voted “For” the approval of the Directors' Stock Award Plan amendments and extension as described in this proxy statement.

The affirmative vote of a majority of the votes cast in person or by proxy or by any permissible means of remote communication, including electronic transmission or telephonic means, at the meeting by the holders of Common Stock entitled to vote thereon is required to ratify the selection of the independent accountants described in this proxy statement. Abstentions are counted for quorum purposes. Abstentions are not counted either as votes cast “For” or “Against” the proposal to ratify the selection of the independent accountants described in this proxy statement. Because the ratification of the appointment of independent accountants is considered a “routine” matter, and brokers have discretionary authority to vote on this matter without any instructions from the beneficial owners, we do not expect any broker non-votes in connection with this proposal. If we receive a signed proxy with no voting instructions, such shares will be voted “For” the proposal to ratify the selection of the independent accountants.

The affirmative vote of a majority of the votes cast in person or by proxy or by any permissible means of remote communication, including electronic transmission or telephonic means, at the meeting by the holders of shares of Common Stock entitled to vote thereon is required for the advisory vote on executive compensation described in this proxy statement. Such advisory vote on executive compensation is non-binding; however, the Compensation Committee and the Board of Directors intend to consider the outcome of the vote when considering future executive compensation decisions. Abstentions and broker non-votes are counted for quorum purposes. Abstentions and broker non-votes are not counted either as votes cast “For” or “Against” this proposal. Pursuant to provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) and the NYSE rules, brokers are prohibited from voting uninstructed shares on executive compensation matters, including on the non-binding advisory vote on executive compensation and the frequency of future advisory votes on executive compensation discussed in this proxy statement. If we receive a signed proxy with no voting instructions, such shares will be voted “For” the approval of our executive compensation as described in this proxy statement.

When a Common Stockholder participates in the Dividend Reinvestment Plan applicable to our Common Stock, the Common Stockholder's proxy to vote shares of Common Stock will include the number of shares held for him by

Computershare, the agent under the plan. If you do not send any proxy, the shares held for your account in the Dividend Reinvestment Plan will not be voted.

The rules of the Securities and Exchange Commission (“SEC”) permit us to deliver a single notice or set of Annual Meeting materials to one address shared by two or more of our stockholders. This delivery method is referred to as “householding” and can result in significant cost savings. To take advantage of this opportunity, we will deliver only one notice or set of Annual Meeting materials to multiple stockholders requesting the printed proxy material and who share an address, unless we receive contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the notice or Annual Meeting materials, as requested, to any stockholders at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the notice or Annual Meeting materials, contact Broadridge Financial Solutions, Inc. at 1-866-540-7095 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future notices or Annual Meeting materials for your household, please contact Broadridge at the above phone number or address.

Quorum

Our by-laws provide that the presence in person or by proxy of the Common Stockholders of record holding a majority of the outstanding shares of Common Stock entitled to vote at the meeting shall constitute a quorum for purposes of electing directors and voting on proposals other than the election of directors.

ELECTION OF DIRECTORS

Nine nominees are proposed for election by you at the Annual Meeting. The nominees to be voted on by you are Messrs. Vicente Ariztegui Andreve, Javier Arrigunaga Gomez del Campo, Enrique Castillo Sánchez Mejorada, Leonardo Contreras Lerdo de Tejada, Oscar González Rocha, Germán Larrea Mota-Velasco, Luis Miguel Palomino Bonilla, Carlos Ruiz Sacristán and Jose Pedro Valenzuela Rionda. All of the nominees are currently serving as directors of the Company.

Our Certificate requires the Board of Directors to include a certain number of special independent directors. A special independent director is a person who (i) satisfies the independence standards of the NYSE (or any other exchange or association on which the Common Stock is listed) and (ii) is nominated by a Special Nominating Committee of the Board of Directors. The Special Nominating Committee, composed of Messrs. Luis Miguel Palomino Bonilla, Carlos Ruiz Sacristán (each a “Special Designee”), and Leonardo Contreras Lerdo de Tejada (the “Board Designee”), has nominated Messrs. Luis Miguel Palomino Bonilla, Enrique Castillo Sánchez Mejorada, and Carlos Ruiz Sacristán as special independent directors. The Board of Directors at its meeting held on January 23, 2025, endorsed the selection of special independent directors made by the Special Nominating Committee, and also selected Messrs. Vicente Ariztegui Andreve, Javier Arrigunaga Gomez del Campo and Jose Pedro Valenzuela Rionda as our fourth, fifth and sixth independent directors. For further information, please see the section on “Special Independent Directors/Special Nominating Committee.”

The Board of Directors considers and recruits candidates from all sources, including nominations recommended by stockholders, to fill the positions on the Board of Directors taking into account the Board of Directors’ current composition and core competencies, and the needs of the Board as a whole. The composition, skills and needs of the Board of Directors change over time and will be considered in establishing the profile of desirable candidates for any specific opening on the Board. Recommendations for director nominees should be sent in writing to our Secretary (see “Proposals and Nominations of Stockholders” below). The Board of Directors applies selection criteria for Board membership that require that Board members possess, among other personal characteristics, integrity and accountability, high ethical standards, financial literacy for the members serving on the Audit Committee, high performance standards and business competency, informed judgment, mature confidence, an open mind, intelligence and judgment, sufficient time to devote to Company matters, and a history of achievement. Additionally, special independent directors must satisfy the independence requirements of the NYSE Listed Company Manual (or any other exchange or association on which the Common Stock is listed). The Board of Directors applies the same selection criteria for the evaluation of candidates from all sources.

To adequately fulfill the Board's complex roles, from overseeing the audit and monitoring managerial performance to responding to rapidly changing market conditions, a host of core competencies need to be represented on the Board. The Board possesses the required Board core competencies, with each member contributing knowledge, experience and skills in one or more areas, including accounting and finance, management, business judgment, industry knowledge, international markets, leadership, strategy and vision, and crisis response.

The Board of Directors also considers inclusivity in identifying candidates to fill positions on the Board. We believe that our current Board is diversified as it includes individuals from different professional backgrounds, with different viewpoints, professional experience, education, skills, and other individual qualities and attributes that augment the talents of management to operate the business of the Company and accomplish the primary goal of maximizing stockholder value, while observing ethical standards and adhering to the laws of the jurisdictions wherein it operates.

Our Board of Directors conducts an annual evaluation in order to determine whether it and its committees are functioning effectively. As part of this annual self-evaluation, the Board of Directors evaluates whether the Board's current policy on inclusivity continues to be optimal for SCC and its stockholders.

Each nominee has consented to being named in this proxy statement and to serve if elected. Proxies in the enclosed form received by us will be voted by us, unless authority is withheld, for the election of the nominees named below. If any nominee should be unavailable for election, such proxies will be voted by us for another individual chosen by the Board of Directors as a substitute for the unavailable nominee. If, however, any other matter properly comes before the Annual Meeting, we intend that the accompanying proxy will be voted thereon in accordance with the judgment of the persons voting such proxy.

Audit Committee Pre-Approval Policies and Procedures

Our management defines and submits formal requests to the Audit Committee for pre-approval of specific projects and service categories to be performed by the independent accountants. The Audit Committee reviews these requests and advises management if it approves the engagement of the independent accountants.

On July 19, 2010, the Audit Committee decided that management could engage the services of the independent accountants for special projects in amounts up to \$30,000, provided they would be approved at the next scheduled Audit Committee meeting. Management could only engage the services of the independent accountants for up to two special projects each calendar year, not exceeding \$60,000. For services between \$30,000 and \$60,000, the services would have to be approved by the Chairman of the Audit Committee and would have to be reported to the full Audit Committee at the next scheduled Audit Committee meeting. For services in excess of \$60,000, the approval of the entire Audit Committee would be required prior to the engagement. On January 21, 2025, the Audit Committee revised its policy and decided that given the Corporation's size, operational complexity, and scope of special projects, Management would be granted the authority to engage external auditors for special projects up to \$100,000. This authority is subject to subsequent approval by the Audit Committee at its next meeting. The Audit Committee specified that Management could engage independent accountants for a maximum of two special projects each calendar year, with total fees not exceeding \$200,000. Additionally, any fees between \$100,000 and \$200,000 must be approved by the Chairman of the Audit Committee and reported to the full Audit Committee at the following meeting. For services exceeding \$200,000, prior approval from the Audit Committee is required before engagement. All services provided by DTT in 2024 were approved in advance by the Audit Committee.

The named executive officers for 2024 were Messrs. Oscar González Rocha, Raúl Jacob, Edgard Corrales, Jorge Lazalde, and Ms. Lina Vingerhoets (the “Named Executive Officers”).

This Compensation Discussion and Analysis relates to and should be read together with our Summary Compensation Table and other compensation tables, and the information on related party transactions in this proxy statement.

Background and Role of Executive Officers in Determining Compensation:

Our Chairman and certain of our other Named Executive Officers, including Mr. Oscar González Rocha, assist and advise the Compensation Committee with respect to the compensation of our executive officers generally. Messrs. Oscar González Rocha, our President and Chief Executive Officer; Raúl Jacob, our Vice President, Finance, Chief Financial Officer and Treasurer; Edgard Corrales, our Vice President, Exploration; Jorge Lazalde, our Secretary; and Ms. Lina Vingerhoets, our Comptroller, do not participate in any discussion relating to their respective compensation.

We are providing, in satisfaction of applicable rules of the SEC, information regarding compensation paid by us, or by one or more of our subsidiaries or affiliates, to our Named Executive Officers. Mr. Oscar González Rocha joined us in late 1999 after having an outstanding career at Grupo Mexico and has been receiving compensation from us since March 2000. Mr. Raúl Jacob has held various positions with the Company since 1992, primarily focused on financial planning, corporate finance, investor relations and project evaluation, before being appointed as our Comptroller on October 27, 2011, and our Vice President, Finance and Chief Financial Officer on April 18, 2013, after resigning from the Comptroller office. Mr. Corrales has held various positions with the Peruvian Branch of the Company since 1983. Mr. Lazalde, our Secretary since April 2016, has been a Director, Executive Vice President and General Counsel of Asarco LLC since December 2009 and General Counsel of AMC since October 2015, both subsidiaries of Grupo Mexico. Ms. Lina Vingerhoets has been our Comptroller since April 2016. Previously, she was Assistant Comptroller from April 2015 to April 2016. Ms. Vingerhoets has worked for the Company in various accounting, financial planning, finance, internal control and SEC reporting capacities since 1991.

Mr. Germán Larrea Mota-Velasco, our Chairman, is an executive officer of Grupo Mexico and is compensated by Grupo Mexico. In 2024, Mr. Larrea has received only fees and stock awards for his services as a member of our Board of Directors.

Compensation Objectives:

Our objectives in compensating our Named Executive Officers are to encourage the achievement of our business objectives and superior corporate performance by our Named Executive Officers. Our business objectives include increasing production and lowering costs in a safe environment, maintaining customer satisfaction, market leadership, and enhancing stockholder value. The principal objective of our compensation practices is to reward and retain executives with key core competencies critical to our long-term management strategy. We reward results rather than on the basis of seniority, tenure or other entitlement. We believe that our executive compensation practices align compensation with our business values and strategy.

What Is Our Compensation Designed to Reward?

Our compensation is designed to reward our Named Executive Officers for their efforts and dedication to us and for their ability to attract, motivate, and energize a high-performance leadership team, encourage innovation in our employees, conceptualize key trends, evaluate strategic decisions, and continuously challenge our employees to sharpen their vision and excel in performing their duties. We also reward our Named Executive Officers for achieving the business plans that the Board of Directors has approved, for unique accomplishments and achievements, and for their leadership in managing our affairs in the locations in which we operate, mainly in Peru and Mexico.

Why Do We Choose to Compensate Our Executives?

We choose to compensate our employees, including our Named Executive Officers, to grant them basic financial security at levels consistent with competitive local practices. We believe that the compensation we provide to our employees, including our Named Executive Officers, permits us to retain our highly skilled and qualified workforce.

We are required to grant our employees certain elements of compensation mandated by Peruvian and Mexican law, as applicable. Peruvian and Mexican law require us to pay salaries to our employees commensurate with each employee's job requirements, experience and skillset and to share 8% of the annual pre-income tax profits of our Peruvian Branch with our Peruvian employees and 10% of the annual pre-income tax profits of our Mexican operations with our Mexican employees. The salary level of each employee is determined by us. We pay salaries and bonuses to reward and retain our excellent employees, including our Named Executive Officers. We also provide other Company-sponsored benefits to remain competitive in the Peruvian and Mexican labor markets and to reward our employees, including our Named Executive Officers. The Peruvian 5% increase in monthly salary for every five years of service evolved as a benefit bargained by our labor unions and was later extended to all salaried employees. The Peruvian vacation bonus and vacation travel benefits evolved from our practice of compensating expatriate employees who worked in Peru and was later extended to certain key salaried employees, including Named Executive Officers working in Peru.

How Do We Determine Each Element of Compensation?

The Company's management team and Compensation Committee make the decisions to grant salary increases and bonuses for the Named Executive Officers of the Company after a thorough analysis of numerous factors, including among others, the responsibilities and performance of each Named Executive Officer measured in the areas of production, safety and environmental responsiveness (both individually and as compared to other officers of the Company). In addition, management and the Compensation Committee consider years of service, future challenges and objectives, the potential contributions of each officer to the future success of our Company, total executive compensation, and the Company's overall financial performance.

When we increase base salaries for our Named Executive Officers, we use a tabulation. The base salary increases take into account the individual's position, as well as his/her results and job performance in the relevant year. Base salary increases are not granted indiscriminately to employees. Instead, they are granted to reward individuals who facilitate the achievement of the Company's corporate goals. Our corporate goals include increasing production and lowering costs in a safe environment, maintaining customer satisfaction and market leadership, and enhancing stockholder value.

We promote our Named Executive Officers from within our organization and we hire new executives through recruiters. We also use Human Resources consultants, such as the Hay Group from time to time, which provide us with comparative salary data for the sought position extracted from their database relating to comparable companies in Mexico and Peru. The information provided from time to time by the Human Resources consultants is not customized for the Company. Although our Compensation Committee has the authority and necessary funding to engage compensation and other advisers, it has not engaged such advisers in the period 2021-2024.

The salaries provided by the Human Resources consultants from their database are used by us as an indication of the prevailing market salaries in Peru and Mexico. In Peru, such consultants provide us with salaries, which they report were paid or offered to potential candidates by mining companies operating in Peru. The reports of the Human Resources consultants have included the past salary information from Peruvian companies or Peruvian subsidiaries, such as the following: Xstrata Tintaya, S.A., Minera Yanacocha Peru, Hochschild Mining, plc, Compañía Minera Antamina, S.A., Minera Barrick Misquichilca, S.A., Minsur S.A., Gold Fields La Cima, S.A.A., and Sociedad Minera Cerro Verde, S.A.A. In Mexico, the consultants have provided us with salaries, which they reported were paid or offered to potential candidates by mining companies operating in Mexico. The reports of the Human Resources consultants have included the past salary information from Mexican companies or Mexican subsidiaries, such as the following: Newmont Mining Corporation, Pan American Silver Corporation, Industrias Peñoles, S.A.B. de C.V., Grupo Bacis, S.A. de C.V., Mexicoro, S.A. de C.V., Minera BHP Billiton, S.A. de C.V., and Minera Phelps Dodge de Mexico S. de R.L. de C.V. The above listing is for illustration purposes only, as the list of companies used by Human Resources consultants may vary from year to year. Additionally, we have not made an independent verification of the salary information reported by the Human Resources consultants.

We factor this comparative salary information into our decision-making process by targeting our personnel compensation policies, including the compensation of the Named Executive Officers, generally toward the median and third quartile of market compensation.

In 2023 and 2024, the reported median base salaries for S&P 500 chief executives were \$1,250,000 and \$1,300,000 respectively. We believe that the median base salary for 2024 will continue the same trend as last year. Even though we are not one of the constituent companies of the S&P 500 index, we have a market capitalization that would permit us to compare ourselves with the companies that constitute such index. We have compared the 2023 and 2024 salaries of Mr. Oscar González Rocha with the reported median base salaries of S&P 500 chief executives and determined that the salaries paid to him are below the reported median.

The amount and formula applicable to the other benefits are mandated by Peruvian and Mexican law for all salaried employees. We also sponsor programs to recruit and retain qualified employees working in Peru and Mexico.

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”), we may not deduct, with certain exceptions, compensation in excess of \$1 million to the Principal Executive Officer, the Principal Financial Officer and our three other most highly compensated officers (other than the Principal Executive Officer or the Principal Financial Officer) as required to be reported in our proxy statement. We do not believe that Section 162(m) will have any immediate material impact on us because, among other things, our officers’ salaries do not enter into the calculation of US source taxable income. We will, however, continue to monitor our executive compensation programs to ensure their effectiveness and efficiency in light of our needs, including Section 162(m).

How Does Each Element and Our Decisions Regarding That Element Fit Into Our Overall Compensation Objectives and Affect Decisions Regarding Other Elements?

We take into account each element of compensation to determine the overall compensation of our executives. It is our practice to tailor the amount of the incentive cash payments to balance the amounts of compensation mandated by Peruvian and Mexican law, principally the amounts received as profit participation. In years in which the profit participation is high, the bonus or incentive cash payment will be reduced. In years in which the profit participation is relatively modest, if our financial conditions permit, we tend to increase the amount paid in cash incentives. The payment of bonuses is discretionary and we do not necessarily pay bonuses every year. The payment of bonuses and the amount of any such bonuses depend, among other things, on our financial performance, our intensive capital investment plan, our projected future cash flow generation from operations, and our liquidity in general. We do not provide

compensation tied to specific pre-determined individual or Company performance criteria or long-term incentive compensation. The discretionary cash bonus payments granted to our executives and non-executive employees are not based on pre-established performance targets or on targets that have been previously communicated to the executives or the employees. The granting of specific awards and the amount of each award are discretionary and substantially uncertain until we decide to award them. Without limiting this, from time to time, larger discretionary cash bonuses are granted to certain of our Named Executive Officers in recognition of said Named Executive Officers' performance during the year and to reward them for their leadership, vision and focus.

Disclosure on Result of the Non-Binding Advisory Vote on Executive Compensation ("Say-on-Pay"):

Every year we provide our Common Stockholders with the opportunity to cast an advisory vote on executive compensation. At our annual meeting of stockholders held on May 24, 2024, 99.40% of the votes cast on said proposal were voted in favor of the proposal. Our Compensation Committee and management team believe this affirms our Common Stockholders' support of our approach to executive compensation; therefore, no material changes were made to our approach. We will continue to consider the outcome of future advisory votes on executive compensation when making future compensation decisions for the Named Executive Officers. In addition, a substantial majority of the votes cast on the Say-on-Pay frequency vote proposal in 2024 were in favor of holding a Say-on-Pay vote every year, and as a result, we have continued to hold this vote on an annual basis. In addition, a substantial majority of the votes cast on the Say-on-Pay frequency vote proposal were in favor of holding a Say-on-Pay vote every year, and as a result, we will continue to hold this vote on an annual basis.

Summary:

Our compensation practices are designed to comply with the requirements of Peruvian and Mexican law and with our goals and objectives to retain our key executives and reward them appropriately for their positive results. We continue to monitor our compensation practices to remain competitive in the marketplace and to reward our executives for results that are consistent with the long-term interest of our Company and our stockholders.

Peruvian Compensation Practices:

Our Peruvian compensation practices take into account many factors, including individual performance and responsibilities, years of service, elements of compensation mandated by Peruvian law, future challenges and objectives, contributions to the future success of our Company, the executive's total compensation, and our financial performance. We may also look at the compensation levels of comparable companies.

Our Named Executive Officers in Peru, Messrs. Oscar González Rocha, Raúl Jacob and Edgard Corrales, and Ms. Lina Vingerhoets received cash-based compensation, which is currently paid. The cash-based compensation has two principal components: base salary and bonus, which are discretionary, and compensation mandated by Peruvian law. We also sponsor programs to recruit and retain qualified employees working in Peru. Additionally, Grupo Mexico offers certain key employees, including our Named Executive Officers, eligibility under stock purchase plans. See the description of these plans under "Stock Purchase Plans of Grupo Mexico" below.

The payment of bonuses to our Named Executive Officers is discretionary and we do not necessarily pay bonuses every year. The payment of bonuses and the amount of same depend on numerous factors including, among others, our financial performance, our intensive capital investment plan, our future cash flow generation from operations, and our liquidity in general.

We do not provide compensation tied to specific pre-determined individual or Company performance criteria or long-term incentive compensation. The cash incentive payments granted to our Named Executive Officers are not based on pre-established performance targets or on targets that have been previously communicated to the executives. The granting of the award and the amount of each award are discretionary and substantially uncertain until we decide to award them.

All our Peruvian employee compensation is denominated in Peruvian Soles. We convert the Peruvian Soles into U.S. dollars using the average exchange rate for the applicable period.

Stock Options:

We have not granted stock options or other equity incentive awards to any of our Named Executive Officers in Peru since 2000. The Stock Incentive Plan, under which options and stock awards could have been granted, expired by its terms on January 1, 2006.

Stock Purchase Plans of Grupo Mexico:

Grupo Mexico offers certain eligible key employees, including our Named Executive Officers, a stock purchase plan (the "Employee Stock Purchase Plan") through a trust that acquires shares of Grupo Mexico for future sales to our employees, and employees of our subsidiaries and certain affiliated companies. Sales are at the approximate fair market value at the date of the grant. Every two years employees are able to acquire title to 50% of the shares paid in the previous two years. The employees will pay for shares purchased through monthly payroll deductions over the eight-year period of the plan. At the end of the eight-year period, Grupo Mexico will grant the participant a bonus of one share for every ten shares purchased by the employee. If Grupo Mexico pays dividends on shares during the eight-year period, the participant will be entitled to receive the dividend in cash for all shares that have been fully purchased and paid as of the date that the dividend is paid. If the participant has only partially paid for shares, the dividends payable with respect to the purchased shares will be used to reduce the remaining liability owed for such shares. No stock bonuses under the Employee Stock Purchase Plan were granted to our Named Executive Officers in 2024.

Grupo Mexico also offers a stock purchase plan for certain members of its executive management and the executive management of its subsidiaries and certain affiliated companies ("Executive Stock Purchase Plan"). Under this plan, participants receive incentive cash bonuses that are used to purchase shares of Grupo Mexico and the shares are deposited in a trust. Mr. Jorge Lazalde received a discretionary cash bonus of \$75,985 in 2024, which was used to purchase shares under this plan. This bonus is reflected in the Summary Compensation Table under the Bonus column.

Pension Plan:

The Company has two non-contributory defined benefit pension plans covering former salaried employees in the United States and certain former employees in Peru. Messrs. González Rocha, Jacob, Corrales and Ms. Vingerhoets are not covered by our non-contributory retirement plans. They are covered by the Peruvian private pension system ("AFP"), a mandatory pension system. As required by Peruvian law, we retain every month a percentage of their salary and deposit the amount into their individual AFP accounts. The percentage of the monthly salary retained and deposited varies each year and has ranged from 8% to 10% over the years. Employees received in 1995 a 13.53% salary increase to compensate them for the new deduction established by Peruvian law to participate in the mandatory pension system. Messrs. Jacob and Corrales and Ms. Vingerhoets received a payment of \$5,472, \$2,035 and \$1,865, respectively, in 2024 pursuant to the requirements of the AFP law. These payments are included in the compensation reported for Messrs. Jacob and Corrales and Ms. Vingerhoets.

Severance Benefits:

We do not have corporate plans providing severance benefits to our Named Executive Officers in Peru. Our Named Executive Officers only receive severance benefits provided by Peruvian law. If the employee is terminated by us and he or she has a fixed-term employment agreement, Peruvian law requires that we pay the employee's salary for the remaining of the term of his or her employment agreement. Peruvian law also provides that if the employee has been dismissed without cause, he or she is entitled to an amount equal to one and one-half times his or her monthly salary for each year of service up to a maximum of eight years or the equivalent of twelve months of salary. Peruvian law also provides that at the termination of employment an employee will be able to withdraw the full amount of the compensation for the years of service, known as "Compensación por Tiempo de Servicios" (CTS) in Peru and as further described below. Our Named Executive Officers in Peru do not have change of control employment agreements. Our Named Executive Officers in Peru, including Messrs. Jacob and Corrales and Ms. Vingerhoets, do not have employment agreements. However, Mr. Oscar González Rocha, our Chief Executive Officer, who is an expatriate, has an employment agreement described below.

Expatriate Employees:

Pursuant to Peruvian laws concerning expatriate employees, Mr. Oscar González Rocha entered into an employment agreement. The employment agreement is in effect for a term of one year and may be extended for additional periods. In accordance with the terms of the employment agreement, the Company has agreed to provide Mr. Oscar González Rocha (and any other expatriate employees) with benefits as required by Peruvian law. Under the employment agreement, Mr. Oscar González Rocha may resign at any time by providing us with 30 days' notice. The employment agreement also provides that we may dismiss Mr. Oscar González Rocha for serious offenses as established by Peruvian law. Terminated employees are also entitled to receive severance benefits as required by Peruvian law. Our non-Peruvian contract employees and their dependents receive travel benefits to return to their home country at the end of each year and return to Peru at the commencement of each year of the contract. Additionally, this benefit includes travel to their home country at the termination of the contract.

Discretionary Cash Compensation:**(a) Base Salary:**

Messrs. González Rocha, Jacob and Corrales and Ms. Vingerhoets received \$435,718, \$151,179, \$119,834 and \$92,456 in 2024 as annual salary, respectively.

None of the Peruvian Named Executive Officers received salary increases in 2024. The differences in the comparison of the 2024 and 2023 salaries for Messrs. González Rocha, Jacob and Corrales and Ms. Vingerhoets are due to foreign exchange conversion rates. The Company's functional currency is the U.S. dollar and salaries, as are all significant portions of our Peruvian operating costs, are denominated in Peruvian Soles. Accordingly, when inflation and the Peruvian currency fluctuations occur, reported salaries can be affected. Mr. Oscar González Rocha's base salary at the commencement of his services with us is reflected in an employment agreement mandated by Peruvian law. In general, the base salaries of our Named Executive Officers in Peru follow the guidelines of salaries of other key employees of the Company.

(b) Bonus:

Messrs. Oscar González Rocha and Jacob received a discretionary cash bonus of \$48,413 and \$16,798, respectively in 2024 in recognition of their performance and to reward them for their leadership, vision and focus. Mr. Corrales and Ms. Vingerhoets did not receive discretionary cash incentive bonuses in 2024. The amount of the discretionary cash bonus of Messrs. González Rocha and Jacob is reflected in the Summary Compensation Table under the Bonus column.

Peruvian Mandated Cash Compensation:**(a) Profit Sharing in the Profits of Our Peruvian Branch:**

Peruvian law requires that we, as well as all other mining companies in Peru, share 8% of the annual pre-income tax profits of our Branch with all of our workers (salaried and non-salaried). This benefit is payable in cash to each employee in an amount not to exceed 18 times his or her monthly salary. The excess is paid to a Peruvian pro-employment fund and to the regional governments in Peru where we operate, which include Lima, Arequipa, Moquegua, and Tacna in Peru.

Messrs. González Rocha, Jacob and Corrales and Ms. Vingerhoets received \$328,882, \$137,539, \$111,958, and \$85,648, respectively, in 2024 as participants in the pre-tax earnings of our Peruvian Branch. These amounts are reflected in the Summary Compensation Table under the All Other Compensation column.

(b) Peruvian Legal Holiday and Other Bonuses:

Peruvian law also requires payment each year of one month's salary to each employee as a bonus for Peruvian Independence holidays and Christmas. Peruvian law requires the payment of six days' salary to every employee, including Messrs. González Rocha, Jacob and Corrales and Ms. Vingerhoets, every year in which May 1 falls on a Sunday or five days' salary if it falls on a weekday ("Labor Day Bonus"). Peruvian law also requires the payment of a

In 2024, Messrs. González Rocha, Jacob and Corrales and Ms. Vingerhoets received, \$101,557, \$38,938, \$32,599 and \$23,514 as Peruvian Independence holidays, Christmas, Labor Day and Miners' Day bonuses, respectively. These amounts are reflected in the Summary Compensation Table under the All Other Compensation column.

(c) Termination of Employment Compensation or CTS:

Additionally, as compensation for years of service or CTS, Peruvian law requires a deposit of one twelfth of an employee's annual salary, vacation, travel, Independence holidays, Christmas, dependents and service award bonus, each year, for each employee (whether Peruvian or expatriate) working in Peru, as applicable. This amount is deposited in a local bank of the employee's choosing, in an individual account, which accrues interest paid by said bank. For all legal purposes, the chosen bank acts as trustee of the deposited amounts. The CTS funds can only be fully withdrawn when the employee terminates employment. In 2024, the Congress of Peru passed a law that provided an exception to the CTS rules, which allowed employees to withdraw all or part of their CTS funds through December 31, 2024.

In 2024, we deposited for Messrs. González Rocha, Jacob and Corrales and Ms. Vingerhoets, \$57,926, \$21,967, \$17,411 and \$12,506, respectively, as CTS compensation. For further details on the Peruvian mandated severance benefits see above under "Severance Benefits." These amounts are reflected in the Summary Compensation Table under the All Other Compensation column.

González Rocha, Jacob and Corrales, who are married or have children under the age of 18. Said compensation is reflected in the Summary Compensation Table under the All Other Compensation column. No other Peruvian Named Executive Officer enjoys this benefit.

(b) Five Percent Benefit or "Quinquenio":

We also voluntarily provide to all salaried employees and to non-salaried employees under agreement with our local labor unions, a benefit consisting of five percent of the monthly salary for each period of five years of service. We call this benefit, colloquially in Peru, the "quinquenio."

In 2024, Messrs. González Rocha, Jacob and Corrales and Ms. Vingerhoets received \$87,144, \$45,354, \$47,934, and \$27,737 as quinquenio, respectively. These amounts are reflected in the Summary Compensation Table under the All Other Compensation column.

Mexican Compensation Practices:

Our Mexican compensation practices also take into account many factors, including individual performance and responsibilities, years of service, elements of compensation mandated by Mexican law, future challenges and objectives, contributions to the future success of our Company, the executive total compensation, and our financial performance. We may also look at the compensation levels of comparable companies, as described above.

Our Named Executive Officer in Mexico, Mr. Jorge Lazalde receives cash-based compensation, which is currently paid. The cash-based compensation has two principal components: base salary and bonus, which are discretionary, and compensation mandated by Mexican law. We also sponsor programs to recruit and retain qualified employees working in Mexico. See the description of these plans under "Stock Purchase Plans of Grupo Mexico" below.

The payment of bonuses and the amount of the same depend on numerous factors, including, among others, our financial performance, our intensive capital investment plan, our future cash flow generation from operations, and our liquidity in general.

We do not provide compensation tied to specific pre-determined individual or Company performance criteria or long-term incentive compensation. The cash incentive payments granted to our Named Executive Officers are not based on pre-established performance targets or targets that have been previously communicated to the executives. The granting of the award and the amount of each award are discretionary and substantially uncertain until we decide to award them.

All our Mexican employee compensation is denominated in Mexican Pesos. We convert the Mexican Pesos into U.S. dollars using the average exchange rate for the applicable period.

Stock Options:

No stock bonuses under the Employee Stock Purchase Plan were granted to our Named Executive Officers in 2024.

Grupo Mexico also offers the Executive Stock Purchase Plan for certain members of its, its subsidiaries and certain affiliated companies' executive management. Under this plan, participants receive incentive cash bonuses which are used to purchase shares of Grupo Mexico and which are deposited in a trust. Mr. Lazalde received a discretionary cash bonus of \$75,985 under the Executive Stock Purchase Plan in 2024. This bonus is reflected in the Summary Compensation Table under the Bonus column.

Pension Plan:

Retirement benefits of our employees in Mexico are covered by the Mexican social security system mandated by Mexican law. In addition, certain of our Mexican subsidiaries participate in a defined contribution pension plan, which complements the retirement benefits granted under the Mexican social security system.

Under the Mexican pension plan, non-union employees of Minera México, S.A. de C.V., and participating subsidiaries who have completed ten continuous years of employment with the participating subsidiary, including Mr. Lazalde, earn the right to receive certain benefits upon retirement at the normal retirement age of 70 or upon early retirement on or after age 60. Mr. Lazalde received a contribution under the Mexican pension plan. These amounts are reflected in the Summary Compensation Table under the All Other Compensation column. An employee may choose to retire at age 75 only upon receiving the proper consent of the participating company.

Employees contribute 3% of their monthly base salary to the plan and the employer matches the employees' contributions with an additional 3%. The funds are then invested in treasury or in marketable securities. The fiduciary of such investment funds is an institution authorized by the Mexican government. The plan is administered by a technical

committee composed of at least three unpaid individuals (who may be employees of the participating companies), which are appointed by the Company. The plan may be amended or terminated at any time at the Company's discretion, but such amendment or termination must preserve acquired rights of the employees.

Regardless of the manner in which an employee's employment is terminated, he/she is entitled to receive his/her employee contributions and any amounts earned during his/her term of employment. Any severance benefits received by the terminated employee will be deducted from any employer contribution to be received under the plan. In the event of the retirement of an employee, he/she is entitled to receive amounts accrued under the plan.

INSIDER TRADING ARRANGEMENTS AND POLICY

We are committed to promoting high standards of ethical business conduct and compliance with applicable laws, rules and regulations. As part of this commitment, we have adopted our Securities Law Compliance Policy governing the purchase, sale, and/or other dispositions of our securities by our directors, officers, employees and designated contractors, which we believe is reasonably designed to promote compliance with insider trading laws, rules and regulations, and the exchange listing standards applicable to us.

HEDGING POLICY

The Securities Law Compliance Policy includes specific provisions regarding hedging transactions, which are strongly discouraged due to their complex nature and unique insider trading risks. Any board member, officer, employee, or agent covered by the Policy who wishes to enter into hedging or monetization transactions (such as zero-cost collars) must first obtain pre-clearance from the General Counsel, Secretary or Assistant Secretary of SCC at least two weeks prior to executing any related documents, including a detailed justification for the proposed transaction. It is strongly recommended that individuals consult with their broker/financial advisor and tax advisor before pursuing such arrangements. A copy of our Securities Compliance Policy, including any amendments thereto, was filed as Exhibit 19.1 to our Annual Report on Form 10-K for the year ended 2024.

SOUTHERN COPPER CORP/
OPTIONS POLICY

The Corporation did not, during the year ended December 31, 2024, grant awards of stock options, stock appreciation rights or similar option-like instruments and does not have a current practice of doing so. The Stock Incentive Plan, under which options and stock awards could have been granted, expired by its terms on January 1, 2006. Accordingly, it does not have a policy on the timing of awards of such instruments in relation to the disclosure of material nonpublic information. In the event the Corporation determines to grant new awards of such instruments, the Board expects to evaluate appropriate steps to take in relation to the foregoing. Southern Copper Corporation has not timed the disclosure of material nonpublic information for the purpose of affecting the value of executive compensation.

CLAWBACK POLICY

In accordance with Section 10-D of The New York Stock Exchange Listed Company Manual and Rule 10D-1 of the Securities Exchange Act of 1934, as amended, in 2023 the Board of Directors adopted a policy for the recovery of erroneously awarded incentive-based compensation (i.e., Clawback Policy) to provide for the recovery of erroneously awarded incentive-based compensation paid to Executive Officers in certain circumstances. This policy enables the Company to recoup incentive-based compensation paid to Executive Officers based on erroneously prepared financial statements due to fraud or misconduct, to the extent that such executive's incentive compensation was based on the misstated financial statements. The Company adopted the Clawback Policy as required by the applicable rules and is providing this information for compliance purposes only. The Company does not utilize financial performance-based measures to compensate its Executive Officers.

PAY RATIO DISCLOSURE

As required by the Dodd-Frank Act, we are required to disclose the ratio of the total annual compensation of our CEO to that of our median employee including (i) the median of the total annual compensation of the employees of Southern Copper Corporation, not including the CEO ("median employee"); (ii) the total annual compensation of the CEO; and (iii) the ratio of the total annual compensation of the CEO to the amount of the median employee's total annual compensation.

Based on the methodology described below, the total annual compensation of the median employee for 2024 was \$39,634 and the total annual compensation of our CEO was \$1,208,377. As a result, the calculated ratio of our CEO's total annual compensation to the median employee's total annual compensation for fiscal year 2024 is 30.49 to 1.

We used our entire global employee population, other than the CEO, as of a determination date of December 31, 2024, to estimate the median employee. To identify the Company's median employee, we used a Consistently Applied Compensation Measure (CACM) of annual base salary for 2024 with values converted into U.S. dollars based on the average monthly exchange rate for 2024. We compiled annual base salary data for all employees and then selected our median employee from a group of employees with a salary within +/-1% of the median employee under the CACM. Our median employee is a full-time, hourly employee based in Mexico. After identifying the median employee, we calculated the total annual compensation for this employee using the same methodology we use for our named executive officers as disclosed in the Summary Compensation Table.

Our pay ratio is a reasonable estimate calculated in a manner consistent with applicable SEC rules based on our payroll and employment records and the methodology described above. In light of the various different methodologies, assumptions, adjustments and estimates that companies apply as permitted under the SEC rules to determine the ratio, and because workforce demographic can vary across companies, our reported pay ratio may not be comparable to the pay ratio reported by other publicly traded companies. There have been no changes that we reasonably believe would significantly affect the pay ratio disclosure set forth herein.

PAY vs. PERFORMANCE

In 2023, the SEC adopted final rules requiring public companies to provide, starting with our 2023 proxy statement, a Pay versus Performance disclosure. The following Pay versus Performance table (the "PVP Table") provides the disclosure regarding executive compensation for our principal executive officer, Mr. Oscar Gonzalez Rocha ("PEO")

and our Named Executive Officers (“Non-PEO” “NEOs”) and the Company’s financial performance for the fiscal years 2024, 2023, 2022, 2021 and 2020 (each of 2024, 2023, 2022, 2021 and 2020, a “Covered Year”).

The following table discusses Total Compensation as calculated in the Summary Compensation Table (“SCT”) and Compensation Actually Paid (“CAP”) in accordance with SEC rules for Mr. Oscar Gonzalez Rocha, our current CEO and the average of both compensation measures for our NEOs for the Covered Years. Additionally, the PVP Table discloses the selected peer group, as well as the Company’s net income, as disclosed in our Annual Report on Form 10-K for the year ended December 31, 2024. The PVP Table also provides information about the results for certain measures of financial performance during each of the Covered Years.

As required by Section 953(a) of the Dodd-Frank Act and Item 402(v) of Regulation S-K, we are providing the PVP Table and related information for compliance purposes only. Neither the Compensation Committee nor the executives of the Company directly use the information contained in the PVP Table or the related disclosures as presented when making compensation decisions. Because we do not link executive compensation actually paid to the Company’s financial performance, we have not included any financial performance measures in the PVP Table or related disclosures below.

1. The comparison of total shareholder returns assumes that \$100 was invested on December 31 of the prior year in Southern Copper Corporation and that dividends were reinvested when paid.
2. The selected peer group is the S&P Metals and Mining Select Industry Index, which is the peer group used by the Company for purposes of Item 201(e) of Regulation S-K.
3. To calculate Compensation Actually Paid (“CAP”) for the PEO on the PVP Table, there were no actuarial changes in pension value, pension related adjustments or equity award adjustments to report. Therefore, no adjustments were required to be made to the SCT total in accordance with SEC methodology for determining CAP for the PEO for each year shown.
4. To calculate CAP for the Non-PEOs NEO's on the PVP Table, there were no actuarial changes in pension value, pension related adjustments or equity award adjustments to report. Therefore, no adjustments were required to be made to the SCT total in accordance with SEC methodology for determining CAP for the Non-PEOs NEO's for each year shown.

The following graph further illustrates the relationship between the Company’s total shareholder return and that of the S&P Metals and Mining Select Industry Index for the period indicated.

COMPENSATION POLICIES AND PRACTICES AS THEY RELATE TO RISK MANAGEMENT

In accordance with the requirements of Regulation S-K, Item 402(s), to the extent that risks may arise from the Company’s compensation policies and practices that are reasonably likely to have a material adverse effect on the Company, we are required to discuss those policies and practices for compensating the employees of the Company (including employees that are not NEOs) as they relate to the Company’s risk management practices and the possibility of incentivizing risk-taking. Based on the Compensation Committee’s review of our incentive compensation practices and discussions of the concept of risk as it relates to our compensation policies and practices, we have determined that the compensation policies and practices established with respect to the Company’s employees are not reasonably likely to have a material adverse effect on the Company. For more information regarding our compensation policies and practices, see the section entitled “Compensation Discussion and Analysis” beginning on page 14.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Germán Larrea Mota-Velasco, Oscar González Rocha, and Leonardo Contreras Lerdo de Tejada, our directors representing Grupo Mexico, are executive officers and/or directors of Grupo Mexico or its affiliates. During 2024, Messrs. Germán Larrea Mota-Velasco, Oscar González Rocha, and Enrique Castillo Sánchez Mejorada were on the Compensation Committee of the Board of Directors. See also “Related Party Transactions.”

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Act and Section 14A of the Exchange Act, require that the Company’s stockholders be given the opportunity to cast a non-binding advisory vote regarding the approval of the compensation disclosed in this proxy statement of the Company’s Named Executive Officers in the Summary Compensation Table. The Compensation Discussion and Analysis begins on page 14 of this proxy statement. As discussed thereunder, the Board of Directors believes that the Company’s long-term success depends, in large measure, on the talents of the Company’s employees. The Company’s compensation practices play a significant role in the Company’s ability to attract, retain and motivate the highest quality workforce. The principal underpinnings of the Company’s compensation system are to comply with the requirements of Peruvian and Mexican laws, to fit with the Company’s goals and objectives and to retain its key

executives and reward them appropriately for their positive results. The compensation of the Company's Named Executive Officers is in line with the compensation of other key employees of the Company. Additionally, the compensation of Mr. Oscar González Rocha, our Chief Executive Officer, is below the reported compensation of other chief executive officers of companies with comparable market capitalization.

The proposal for a non-binding advisory vote on executive compensation provides stockholders with the opportunity to endorse or not endorse the Company's executive compensation program through the following resolution:

“RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby **APPROVED**.”

Because this is an advisory vote, it will not be binding upon the Company, its Board of Directors, or its Compensation Committee. However, the Company, its Board of Directors, and its Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements to the extent they can determine the cause or causes of any significant negative voting results. The affirmative vote of a majority of the votes cast in person or by proxy or by any permissible means of remote communication, including electronic transmission or telephonic means at the meeting by the holders of shares of Common Stock entitled to vote thereon is required for the non-binding advisory vote on executive compensation described in this proxy statement. Abstentions and broker non-votes are counted for quorum purposes. Abstentions and broker non-votes are not counted either as votes cast “For” or “Against” the proposal. If we receive a signed proxy with no voting instructions, such shares will be voted **“For”** the approval of our executive compensation as described in this proxy statement.

The Board of Directors recommends that stockholders vote **FOR** approval of this resolution.

In 2024, we entered into certain transactions in the ordinary course of business with parties that are controlling stockholders or their affiliates. These transactions include the lease of office space, air and railroad transportation, construction services, energy supply, and other products and services related to mining and refining. We lend and borrow funds among affiliates for acquisitions and other corporate purposes. Mr. Oscar González Barron’s compensation was established by Asarco LLC and AMC, respectively, in accordance with their compensation practices applicable to employees with equivalent qualifications and responsibilities and holding similar positions.

It is anticipated that in the future we will enter into similar transactions with such parties.

The Audit Committee reviewed the 2024 related party transactions reported in this proxy statement and did not object to any of them. Our Audit Committee recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and adopted a written policy for related party transactions on January 24, 2007, and amended it on February 23, 2007, and on April 24, 2008. During 2024, it was our policy that the Audit Committee shall review all related party transactions. Related parties were those defined as such by the SEC. We are required to report all related party transactions in our filings with the SEC and as required by accounting requirements.

Article Nine of our Certificate specifically states: “The Corporation shall not engage in any Material Affiliate Transaction unless it has been the subject of prior review by a committee of the Board of Directors with at least three members, each of whom is an Independent Director (any such committee, an “Affiliate Transactions Committee”). For purposes of this ARTICLE NINE, a “Material Affiliate Transaction” shall mean any transaction, business dealing or material financial interest in any transaction, or any series of related transactions, between Grupo México or one of its affiliates (other than the Corporation or any of the Corporation’s subsidiaries), on the one hand, and the Corporation or one of the Corporation’s subsidiaries, on the other hand, that involves consideration of more than \$10,000,000 in the aggregate.”

During 2024, our policy provided that the Audit Committee may delegate authority to grant such approvals or ratifications to one or more members of the Audit Committee with the requirement that such member or members present any decisions made pursuant to such delegated authority to the full Audit Committee at its next scheduled meeting.

Additionally, during 2024, the policy provided that in transactions where a senior officer is related to any of our goods or services provider, the Chairman of the Audit Committee is delegated the authority to approve the transaction, unless it exceeds an aggregate consideration of more than \$500,000. In the latter case, prior approval of the Audit Committee members is required.

During 2024, our policy provided that in reviewing a related party transaction the Audit Committee had to consider all of the relevant factors surrounding the transaction, including:

- (1) whether there is a valid business reason for us to enter into the related party transaction consistent with the best interests of the Company and our stockholders;
- (2) whether the transaction is negotiated on an arm’s length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally;
- (3) whether the Audit Committee determines that it has been duly apprised of all significant conflicts that may exist or may otherwise arise on account of the transaction, and it believes, nonetheless, that we are warranted in entering into the related party transaction and have developed an appropriate plan to manage the potential conflicts of interest;
- (4) whether the rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;
- (5) whether the transaction involves services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services; and/or
- (6) whether the interest of the related party or that of a member of the immediate family of the related party arises solely from the ownership of our class of equity securities and all holders of that class of our equity securities received the same benefit on a pro-rata basis.

During 2024, Management reported all related party transactions to the Audit Committee at each meeting, including material transactions. On April 25, 2017, the Audit Committee created a subcommittee of related party transactions, composed of three of its members, with the authority to review related party transactions, including material affiliate related party transactions. Material related party transactions are reported to the full Board of Directors. During 2024,

our policy provided a presumption that the Audit Committee has approved or ratified the related party transaction if it has reviewed the transaction and made no observations or objections to the same.

During the second half of 2019, at the direction of the Audit Committee and with the input of the subcommittee of related party transactions, management undertook to revise our internal policies and procedures to establish channels of reporting and review and approval requirements for related party transactions. This revised policy was developed to complement our existing practices covering related party transactions, including the Audit Committee's policy described above. While the revised policy addressed the subject of related party transactions and the potential conflict of interest they present generally, a particular focus of the revised policy is to assist our employee base to identify potential transactions described by Article Nine of our Certificate as early as possible and establish a chain of internal reporting to help ensure that we do not engage in any Material Affiliate Transaction (as defined in Article Nine of our Certificate) unless that transaction has been the subject of prior review by a committee of three independent members of our Board of Directors. This revised policy was approved by our Board of Directors at its meeting on February 20, 2020.

As an example of the revised policy's enhanced control functions, related party transactions with consideration between \$8,000,000 and \$10,000,000 are to be pre-approved by our General Counsel and Chief Financial Officer. If the General Counsel and Chief Financial Officer have any questions about the consideration amount, they may refer a proposed related party transaction to the committee of three independent directors for consideration.

CONTROLLED COMPANY EXCEPTION TO NYSE RULES

A company of which more than 50% of the voting power for the election of directors is held by a single entity, a "controlled company," is not required to comply with the requirements of the NYSE corporate governance rules requiring a majority of independent directors and independent compensation and nominating/corporate governance committees.

We are a controlled company as defined by the rules of the NYSE. Grupo Mexico owns indirectly 88.9% of our stock as of December 31, 2024, and controls the voting power for the election of directors. We have relied upon the exemptions to the corporate governance rules of the NYSE, and thus neither our Compensation Committee nor our Corporate Governance and Disclosure Committee are comprised entirely of independent directors. We have three special independent directors nominated by the Special Nominating Committee: Messrs. Luis Miguel Palomino Bonilla, Enrique Castillo Sánchez Mejorada and Carlos Ruiz Sacristán. Messrs. Vicente Ariztegui Andreve, Javier Arrigunaga Gomez del Campo and Jose Pedro Valenzuela Rionda are our fourth, fifth and sixth independent directors. At its meetings on January 23, 2025, the Board of Directors determined that Messrs. Luis Miguel Palomino Bonilla, Carlos Ruiz Sacristán, Vicente Ariztegui Andreve, Enrique Castillo Sánchez Mejorada, Javier Arrigunaga Gomez del Campo and Jose Pedro Valenzuela Rionda are independent of management in accordance with the requirements of the NYSE as such requirements are interpreted by our Board of Directors in its business judgment.

CORPORATE GOVERNANCE

Corporate Governance Guidelines, Committee Charters, and Code of Ethics

We have adopted Corporate Governance Guidelines for the Board of Directors and charters for the Audit, Special Nominating, Corporate Governance and Disclosure, and Compensation Committees. We also have in place a Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, comptroller, all other officers, directors and our employees, including the persons performing accounting or financial functions. The Corporate Governance Guidelines, Code of Business Conduct and Ethics, and Committee charters, may be accessed free of charge by visiting our website at www.southerncoppercorp.com. We intend to report any amendments to, or waiver from, a provision of the Code of Business Conduct and Ethics that applies to the principal executive officer, principal financial officer, principal accounting officer, comptroller, director, and other persons performing similar functions as required by the NYSE rules.

Board Leadership Structure

The Board of Directors believes that its current leadership structure, in which the roles of Chairman and Chief Executive Officer are separated, best serve the Board's ability to carry out its roles and responsibilities on behalf of the

Company's stockholders, including its oversight of management, and the Company's overall corporate governance. Mr. Germán Larrea Mota-Velasco is the Chairman of our Board of Directors and Mr. Oscar González Rocha, the President of the Company, is our Chief Executive Officer. This structure is optimal because it provides two leaders for the Company and it allows our CEO to focus on managing the business, while our Chairman drives accountability at the Board level, resulting in a more effective organization.

Risk Oversight Process

Executive management of the Company, with the assistance of internal audit and other management committees and key personnel reviews periodically the Company's risk management process, including operational, legal, financial, governmental, environmental, corporate governance, credit, cybersecurity, and liquidity risk matters. Additionally, executive management reports to the Audit Committee significant risk findings and the Audit Committee then reports such findings to the entire Board of Directors. The Board of Directors has the ultimate oversight role to monitor how executive management manages the material risks associated with the Company's operations.

It is the competence of the Audit Committee to review and discuss with executive management the Company's guidelines and policies with respect to the process by which the Company undertakes risk assessment and risk management, including discussion of the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. Additionally, the Board's Corporate Governance and Disclosure Committee's duties include overseeing and reviewing periodically with the Chief Executive Officer, the Chief Financial Officer, the proper officers, employees, and committees of the Company, the internal and external auditors, and the Audit Committee the effectiveness of the Company's disclosure controls and procedures, internal controls, and risk assessments, and the quality and adequacy of the disclosures that the Company makes in the periodic reports it files with the SEC. We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing the Company and that our Board leadership structure supports this approach.

Oversight of Cybersecurity Process

The Board of Directors is responsible for global oversight of our strategic and operational risks. The Audit Committee assists the Board of Directors with this responsibility by overseeing the Company's risk management strategies with respect to cybersecurity and data security risks and disclosures. Our information security strategy is led by the Technology and Information Security Director ("TISD") and the Information Security Subdirector ("ISD"), with support from the Chief Information Security Officer ("CISO") of Grupo Mexico. Our TISD reports periodically to the Audit Committee on risk assessment that highlight cybersecurity risks and cybersecurity risk and anti-fraud mitigation actions, including the status of projects to strengthen our security systems and improve incident readiness, existing and emerging threat landscapes, and results of third-party assessments. The Audit Committee, in turn, reports its findings to the full Board of Directors. The Board receives additional support from our holding company AMC, through the AMC Productivity Committee and AMC Risk Committee, which convene several times a year for information security and cybersecurity matters.

Board Oversight of ESG

The Board of Directors is highly engaged with management on the evolution of SCC's ESG practices, reporting and oversees the assessment of ESG risks as part of the development of our overall long-term strategy. ESG oversight is allocated to the Board's Sustainability Committee, which was created to assist the Board in fulfilling its oversight and reporting responsibilities relating to environmental, corporate social responsibility and sustainability matters relevant to the Corporation. The Sustainability Committee oversees our ESG initiatives in support of organizational development and our corporate responsibility strategy and goals and supports the Board in developing and monitoring the Company's compliance with on-going commitments to best practices. The scope of the Sustainability Committee's activities include all matters related to ESG, including the health and safety of our employees and contractors, environmental issues regarding biodiversity, water and land management, our commitment to community-based development and human rights. The Committee manages our efforts to implement and promote best ESG practices and is responsible for reviewing the sustainable development goals of the Company, evaluating the effectiveness of the strategies and compliance with the Company's commitments for responsible production to become a leader in sustainable mining.

Executive Session of Non-Management Directors

In accordance with Section 303A.03 of the corporate governance rules of the NYSE, an executive session of non-management directors is scheduled on the occasion of each of our regularly scheduled Board of Directors meetings. Only independent directors attend the executive sessions of non-management directors. For such purpose, our Chairman invites the non-management directors to hold the executive session and all other members are asked to leave the boardroom. The non-management directors decide on each occasion if there are matters that warrant holding the executive session and the directors designate for each session, the director who will preside at each executive session. This policy is disclosed in Section 5.4 of our Corporate Governance Guidelines posted on the Company's website at www.southerncoppercorp.com.

COMMITTEES OF THE BOARD OF DIRECTORS**Corporate Governance and Disclosure Committee**

The primary functions of the Corporate Governance and Disclosure Committee are (a) to consider and make recommendations to the Company's Board of Directors concerning the appropriate function and needs of the Board, (b) to develop and recommend to the Board of Directors corporate governance principles, (c) to oversee the evaluation of the Board of Directors and management, and (d) to oversee and review compliance with the disclosure and reporting standards of the Company that require full, fair, accurate, timely, and understandable disclosure of material information regarding the Company in reports and documents that it files with the SEC, the NYSE and equivalent authorities in the countries in which the Company operates, as well as in other public communications that it regularly makes. The Chief Executive Officer, the Chief Financial Officer, the Comptroller, the Treasurer, and the persons performing accounting or financial functions are responsible to ensure compliance with these standards. Additionally, the Chief Executive Officer and the Chief Financial Officer are responsible for establishing and maintaining disclosure controls and procedures and internal control over financial reporting. It is also the purpose of the Corporate Governance and Disclosure Committee to assist the Audit Committee in the performance of its responsibilities. Because we are a controlled company as defined by the NYSE we do not have a Corporate Governance and Disclosure Committee comprised entirely of independent directors. During 2024, the Committee was composed of Messrs. Germán Larrea-Mota Velasco, Oscar González Rocha, and Leonardo Contreras Lerdo de Tejada. The Committee met three times in 2024.

The Corporate Governance and Disclosure Committee has the authority to delegate any of its authority to subcommittees designated by the Corporate Governance and Disclosure Committee, to the extent permitted by law. The Corporate Governance and Disclosure Committee has the authority to delegate its authority to one or more members of the Committee with the requirement that such member or members present any decisions made pursuant to such delegated authority to the full Corporate Governance and Disclosure Committee at its next meeting. The Committee has the sole authority to retain and terminate any counsel or other advisors, including sole authority to approve the fees and other retention terms.

Special Independent Directors/Special Nominating Committee

The Special Nominating Committee functions as a special committee to nominate special independent directors to the Board of Directors. The Company does not have any other nominating committee. Pursuant to our Certificate, a special independent director is any director who (i) satisfies the independence requirements of the NYSE Listed Company Manual (or any other exchange or association on which the Common Stock is listed) and (ii) is nominated by the Special Nominating Committee. The Special Nominating Committee has the right to nominate a number of special independent directors based on the percentage of our Common Stock owned by all holders of our Common Stock, other than Grupo Mexico and its affiliates.

The Special Nominating Committee consists of three directors, two "Special Designees" and one "Board Designee." The current Special Designees are Luis Miguel Palomino Bonilla and Carlos Ruiz Sacristán (each an "Initial Member") and the current Board Designee is Leonardo Contreras Lerdo de Tejada. The Board Designee is selected annually by the Board of Directors. The Special Designees are selected annually by the members of the Board of Directors who are special independent directors or Initial Members. Only special independent directors can fill vacancies on the Special Nominating Committee. Any member of the Special Nominating Committee may be removed at any time by the Board

of Directors for cause. The unanimous vote of all members of the Special Nominating Committee will be necessary for the adoption of any resolution or the taking of any action.

Our Certificate provides that the minimum number of special independent directors on the Board of Directors at any given time shall be equal to (a) the total number of directors on the Board of Directors multiplied by (b) the percentage of Common Stock owned by all of the stockholders (other than Grupo Mexico and its affiliates), rounded up to the next whole number. Notwithstanding the foregoing, the total number of persons nominated as special independent directors cannot be less than two or greater than six.

The Special Nominating Committee has nominated Messrs. Luis Miguel Palomino Bonilla, Enrique Castillo Sánchez Mejorada and Carlos Ruiz Sacristán as special independent directors. Messrs. Vicente Ariztegui Andreve, Javier Arrigunaga Gomez del Campo and Jose Pedro Valenzuela Rionda are our fourth, fifth, and sixth independent directors. At its meeting on January 23, 2025, the Board of Directors approved the nomination of special independent directors made by the Special Nominating Committee and endorsed the determination made by the Special Nominating Committee that Messrs. Luis Miguel Palomino Bonilla, Enrique Castillo Sánchez Mejorada and Carlos Ruiz Sacristán are independent of management in accordance with the requirements of the NYSE, as such requirements are interpreted by the Special Nominating Committee and our Board of Directors in their respective business judgments. The Board of Directors also determined that Messrs. Vicente Ariztegui Andreve, Javier Arrigunaga Gomez del Campo and Jose Pedro Valenzuela Rionda are independent of management in accordance with the requirements of the NYSE as such requirements are interpreted by our Board of Directors in its business judgment. Notwithstanding the foregoing, the power of the Special Nominating Committee to nominate special independent directors is subject to the rights of the stockholders to make nominations in accordance with our by-laws.

The Special Nominating Committee met two times in 2024. The Special Nominating Committee considers and makes recommendations to the Board of Directors with respect to the nominations for special independent directors. The Committee considers recommendations for special independent director nominees to the Board of Directors from all sources. Recommendations for special independent director nominees should be sent in writing to our Secretary (see "Proposals and Nominations of Stockholders" below).

The Special Nominating Committee's Charter sets forth that it shall have the authority to:

- consider and recruit candidates to fill the positions on the Board of Directors allocated to special independent directors taking into account the Board's current composition and core competencies and the needs of the Board of Directors as a whole;
- apply criteria for Board membership that require special independent directors to satisfy the independence requirements, possess financial and business competency, high ethical standards and integrity, intelligence and judgment, sufficient time to devote to our matters, and a history of achievement;
- review and consider candidates from all sources;
- conduct appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates;
- recommend the special independent director nominees for approval by the Board of Directors and you;
- fill any vacancy created by the removal, resignation or retirement from the Board of Directors of any special independent director; and
- evaluate annually the Committee's own performance and the adequacy of the charter, and report on the same to the Board of Directors

The Committee has the authority to delegate any of its authority to subcommittees designated by the Committee, to the extent permitted by law. However, the Committee has the sole authority to retain and terminate any advisor, including counsel and any search firm used to identify special independent director candidates, and to approve the fees and other retention terms of said advisors.

The Sustainability Committee

The Board of Directors established the Sustainability Committee to assist the Board in fulfilling its oversight and reporting responsibilities relating to environmental and corporate social responsibility and sustainability matters relevant to the Corporation. The primary functions of the Sustainability Committee are to support the Board of Directors in developing and monitoring the Company's compliance with on-going commitments to the environment, health and safety, communities, human rights, sustainability and corporate social responsibility ("Sustainable Development"), as well as monitoring compliance with the Company's commitment to be a leader in sustainable mining. If we receive a signed proxy with no voting instructions, such shares will be voted "For" the proposal to elect directors.

PROPOSAL TO AMEND AND EXTEND THE TERM OF THE DIRECTORS' STOCK AWARD PLAN FOR THREE YEARS AND AUTHORIZE A GRANT OF SHARES CONTINGENT ON ATTENDANCE AT ALL OF THE BOARD MEETINGS FOR THE RELEVANT QUARTERLY PERIOD

The Company has a stockholder approved plan, the Directors' Stock Award Plan ("Plan"), attached hereto as Exhibit A, which provides that directors who are not compensated as employees of the Company (the "Eligible Directors") will be automatically awarded 1,200 Shares upon election and 1,200 additional Shares following each annual meeting of stockholders thereafter. Under the Plan, 600,000 shares have been reserved for awards. The Plan expired by its terms on January 31, 2016. On January 28, 2016, the Board of Directors of the Company ("Board") approved, subject to stockholder approval, a one-year extension of the Plan. On January 26, 2017, the Board approved a further extension of the Plan for one year. On January 25, 2018, the Board approved a further extension of the Plan for five years until January 27, 2023, and an amendment to the Plan to increase the number of shares granted to the non-employee directors following each annual meeting of stockholders from 1,200 to 1,600. On April 22, 2021, the Board amended the Directors' compensation, so that instead of receiving 1,600 shares following each annual meeting of stockholders, commencing with the second quarter 2021, each Eligible Director is granted 400 Shares quarterly, conditioned upon their attendance at every Board meeting for that quarter. On January 27, 2022, the Board of Directors approved a further five-year extension of the Plan. At the 2022 annual meeting of Stockholders held May 27, 2022, the stockholders approved a five-year extension of the Plan until January 27, 2028. On March 6, 2025, the Board approved, subject to stockholder approval, an extension of the Plan for three years until January 27, 2031, and an amendment so that commencing with the second quarter 2025, each Eligible Director will each be granted additional 200 Shares at the end of each year, contingent upon their attendance at all Board meetings for the year. At March 27, 2025, 447,600 shares had been granted under the Plan, leaving 152,400 shares available for use after that date. The stockholders are requested to approve an extension of the Plan for three years until January 27, 2031, and an amendment to the Plan to provide an annual grant of 200 additional Shares to each Eligible Directors, contingent upon their attendance at all Board of Directors' meetings for the year. The following is a description of the amended Plan, a copy of which is attached as Exhibit A to this proxy statement. It is anticipated that the three-year extension of the Plan will permit the Company to review and address the compensation of Directors to relate it more closely to the interests of the shareholders of the Company.

Purpose

The purposes of the Plan are (a) to attract and retain highly qualified individuals to serve as members of the Board of the Company, (b) to increase the stock ownership in the Company of members of the Board who are not compensated as employees and (c) to relate the compensation of members of the Board who are not compensated as employees more closely to the Company's performance and its shareholders' interest by granting such directors shares of common stock, par value \$0.01 per share, of the Company (the "Shares").

Administration

The Plan is administered by the Board. Subject to the provisions of the Plan, the Board is authorized to interpret the Plan, to establish, amend, and rescind any rules and regulations relating to the Plan and to make all other determinations necessary or advisable for the administration of the Plan; provided, however, that the Board does not have discretion with respect to the selection of directors to receive awards of Shares or the number of Shares to be awarded. The determinations of the Board in the administration of the Plan, as described herein, are to be final and conclusive. The Secretary of the Company is authorized to implement the Plan in accordance with its terms and to take such actions of a ministerial nature as necessary to effectuate the intent and purposes thereof. The validity, construction and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of Delaware.

Eligibility

The class of individuals eligible to receive awards of Shares under the Plan shall be directors of the Company who are not compensated as employees of the Company ("Eligible Directors"), of which there currently are ten. Any recipient of an award granted under the Plan is referred to as a "Participant." Employees are not eligible to receive awards under the Plan.

Once elected at the 2025 Annual Meeting, Germán Larrea Mota-Velasco, Vicente Ariztegui Andreve, Javier Arrigunaga Gomez del Campo, Enrique Castillo Sánchez Mejorada, Leonardo Contreras Lerdo de Tejada, Luis Miguel Palomino Bonilla, Carlos Ruiz Sacristán and Jose Pedro Valenzuela Rionda will be Eligible Directors.

Shares Subject to the Plan

Subject to adjustment as provided in Section 6, an aggregate of 152,400 Shares will be available for awards under the Plan. The Shares may be made available from authorized but unissued Shares or treasury shares. If any stock awards under the Plan shall be foregone or returned to the Company for any reason, the Shares subject to such award shall again be available for awards.

Grant, Stock Awards

- (a) Upon first election to the Board after September 1, 1995, each newly elected Eligible Director will be granted 1,600 Shares.
- (b) Immediately following each quarter, contingent upon their attendance at every Board meeting for that quarter, each Eligible Director will be granted 400 Shares.
- (c) An Eligible Director may forego any grant of Shares by giving irrevocable written notice to such effect to the Secretary of the Company six months in advance of such grant.
- (d) Subject to stockholder approval, at the end of each year, each Eligible Director will be granted 200 additional Shares, contingent upon their attendance at all Board of Directors' meetings for that year.

Adjustment of and Changes in Shares

In the event of a stock split, stock dividend, extraordinary dividend, subdivision or combination of the Shares or other change in corporate structure affecting the Shares, the number of Shares authorized by the Plan and the number of Shares to be granted under Section 5 shall be appropriately and equitably adjusted.

Withholding of Taxes and Other Laws

The Company shall be authorized to withhold from any payment due under this Plan the amount of withholding taxes, if any, due in respect of an award hereunder, unless other provisions satisfactory to the Company shall have been made for the payment of such taxes.

The Board may refuse to issue or transfer any Shares if, acting in its sole discretion, it determines that the issuance or transfer of such Shares might violate any applicable law or regulation or entitle the Company to recover the same under Section 16(b) of the Securities Exchange Act of 1934, as amended. Without limiting the generality of the foregoing, no award granted hereunder shall be construed as an offer to sell securities of the Company, and no such offer shall be outstanding, unless and until the Board in its sole discretion has determined that any such offer, if made, would be in compliance with all applicable requirements of the U.S. federal securities laws.

Effective Date and Duration of Plan

The Plan became effective on January 1, 1996 on the effective date of the exchange of the Company's shares for certain labor shares of the Peruvian Branch of Southern Peru Limited (the "Exchange Offer"), subject to the completion of such Exchange Offer. The Plan expired by its terms on January 31, 2016. On January 28, 2016, the Board of Directors of the Company ("Board") approved, subject to stockholder approval, a one-year extension of the Plan. On January 26, 2017 the Board approved another one-year extension of the Plan, subject to stockholder approval. The Plan extensions were approved at the Annual Meetings of Stockholders of 2016 and 2017, respectively. On January 25, 2018 the Board approved a further extension of the Plan for five years and an amendment to the Plan to increase the number of shares to be granted to non-employee directors following each annual meeting of stockholders from 1,200 to 1,600. At the 2018 annual meeting of stockholders the amendments to increase the award amount from 1,200 to 1,600 and the five-year extension of the Plan until January 28, 2023 were approved. On April 22, 2021, the Board amended the Directors' compensation, so that, instead of receiving 1,600 shares following each annual meeting of stockholders, commencing with the second quarter 2021, each Eligible Director is granted 400 Shares quarterly, contingent upon their attendance at every Board meeting for that quarter. On January 27, 2022, the Board of Directors approved, subject to stockholder approval, a further five-year extension of the Plan. At the 2022 annual meeting of stockholders held May 27, 2022, the stockholders approved a five-year extension of the Plan until January 27, 2028. On March 6, 2025, the Board approved, subject to stockholder approval, an extension of the Plan for three years until January 27, 2031, and an amendment so that commencing with the second quarter, 2025, each Eligible Director will each be granted 200 additional Shares annually, contingent upon their attendance at all Board meetings for the year. The Board recommends that the stockholders approve a three-year extension of the Plan until January 28, 2031, and a 200 share grant of Common Stock to each Eligible Director contingent upon their attendance at all Board of Director meetings for the year.

Federal Income Tax Consequences

Directors will realize income with respect to an award under the Plan at the time of grant based on the grant-date value of the shares.

Accounting Treatment

The Company accounts for stock-based awards issued to directors as compensation for their attendance at directors meetings. Compensation cost is determined based on the fair value of the awards that the Company is obligated to issue.

Amended Plan Benefits for Eligible Directors

The following table summarizes the benefits that would be provided under the amended Plan in 2025 to the groups of individuals set forth below. It is anticipated that, if the amended Plan is approved by stockholders, each Eligible Director will be granted 200 Shares, contingent upon their attendance of all Board meetings for the year.
